

Skillsoft IT & Desktop Videos

On-demand IT and desktop performance support

Your employees need the right tools to effectively perform their role. Skillsoft IT and Desktop Videos help organizations address skill gaps without disrupting workflow, saving money and freeing up resources for innovative thinking.

Bite-sized content for daily problem solving

Skillsoft Skillsoft IT and Desktop Videos are 3-5 minutes in length, covering a variety of desktop and IT topics. A complement to course content, Skillsoft IT and Desktop Videos highlight specific tasks and features, and are intended for users that are familiar with the software or hardware applications. The videos cover nearly 1,000 topics, giving learners the support they need when they need it.

Learn on-the-go

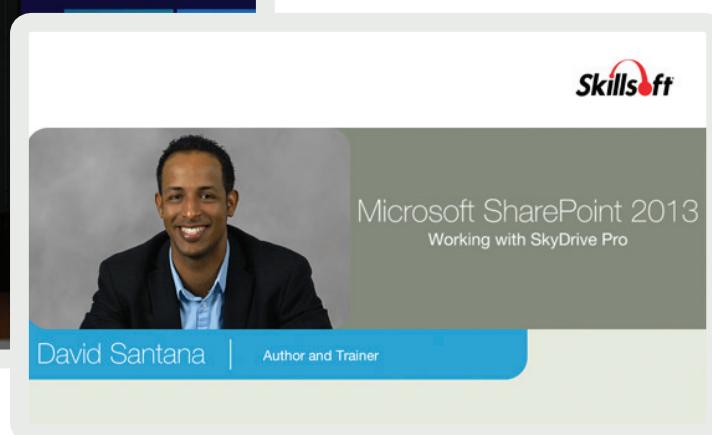

To support busy professionals, the videos are available on mobile devices, including tablets and smartphones, enabling learning whenever and wherever it's need it. The short length and device options provide learners with a flexible way to get quick answers to daily challenges.

At UniGroup, our LMS is about putting knowledge in the hands of the people who need it- whenever they need it and wherever they are. The Desktop and IT Video collections help us do exactly that.

Josh Dix, training and development consultant for UniGroup.
